# Message from R&CA CEO Belinda Clarke

If there's one quote that I think sums up the restaurant, café and catering industry at this moment, I think it's this:

"If you want things to remain the same, things will have to change".

What do I mean by this?

Over the past two years our industry has seen some extraordinary hardships and troubles. COVID-19 meant lockdowns and loss of livelihoods and the resulting staffing crisis has left businesses crying out for workers to help keep the doors open.

Among other huge changes over the past two years, we've seen takeaway become bigger than ever, mask mandates come and go, outdoor dining spill onto every footpath of Australia.

Indeed, in order to remain viable and profitable like things were before COVID-19, the industry has undertaken one of the largest pivots in how hospitality operates in this country. Probably the biggest in history.

R&CA has been there with the industry every step of the way and we've seen the best days and worst days with you all. We will never stop fighting for what the industry needs most and we're so proud to hold these awards in 2022.

Finally, I would like to give a sincere thanks to all of our partners, associates and supporters. Without your support these awards would not be what they are for our members and our industry.

A handwritten signature in cursive script that reads "Belinda Clarke".
